David Alan Black, *It's Still Greek to Me*

WORKSHEET — Those Preposterous Prepositions — Lesson 7

1. A preposition is a small word that occurs before a \_\_\_\_\_ and combines with it to make a \_\_\_\_\_. Prepositions typically express relationships in \_\_\_\_\_ or \_\_\_\_\_, or between \_\_\_\_\_ and \_\_\_\_\_.
2. A prepositional phrase can be used to modify a noun; to modify \_\_\_\_\_ or \_\_\_\_\_, acting interchangeably with adverbs; and, to function as \_\_\_\_\_.
3. What is a proper preposition? Define and give an example in Greek.
4. What is an improper preposition? Define and give an example in Greek.
5. In any discussion of the New Testament prepositions two opposite dangers are to be avoided: to treat them as \_\_\_\_\_ they appear, and to insist on too rigid a \_\_\_\_\_ between them.
